

Volunteer Posts – Counsellors and support workers for our drop in

Thank you for the interest in volunteering with us at Youth Enquiry Service. We currently recruit several times a year. I would therefore be grateful if you could kindly complete the enclosed volunteer application form and return to Youth Enquiry Service, 52 Frogmoor, High Wycombe, Bucks, HP13 5DG or by email to yeswycombe@hotmail.co.uk

The completed form will be held on file and will be considered when the next recruitment process takes place. Successful candidates will be invited to an interview, and must attend our two day child and data protection induction course before volunteering can commence. An enhanced db's certificate will also be organised.

The three agencies, Way In in Chesham, Connexions Buckinghamshire in Aylesbury and the Youth Enquiry Service in High Wycombe have become Buckinghamshire Youth Counselling Consortium (Time to Talk Bucks). Together, we have been commissioned by Buckinghamshire County Council to provide counselling across the county to young people.

We are looking for people with a professional and confident approach, who enjoy working with young people. We welcome those looking for a counselling placement, as well as volunteers who would like to support young people using our drop in.

We look forward to hearing from you.
